

Chem 11 - Digital Lesson - User Guide

The program is a digital lesson intended to teach chemistry 11 students how to calculate molar mass and molecular mass. This is an at home lesson.

In order to run the program, an installation of Java is required with an SDK, which can be found here: <https://www.oracle.com/technetwork/java/javase/downloads/jdk8-downloads-2133151.html>. Thereafter, the java file should be executable and can be run by being double clicked on.

The program is very simple to follow with 3 main buttons throughout the program. Below are screenshots of the program.
